# Doctor Who

7.00pm, 7.30pm **BBC4**

**DRAMA** *The Face of Evil* seems

a random selection from the archive, but BBC4 wanted a serial that aired in festive days of yore and this four-parter began on New Year's Day 1977. Tom Baker's fourth Doctor was at his peak; indeed, he *is* a peak here – he finds his face carved into a mountainside. An alien computer with schizophrenia has also taken on aspects of the Time Lord's persona.

This tale sees the debut of leather-clad Leela, who's a dab hand with

a knife, crossbow and toxic Janis thorns. Louise Jameson makes her warm and funny. Final two parts tomorrow.
